

Coastal Georgia Greenway
Bryan County Meeting
Richmond Hill-Bryan County Chamber of Commerce
June 21, 2007, 9-11 am

In attendance were Jo Hickson, Drew Wade, Herb Hiller, Gene Brogdon of the Chamber of Commerce, Christy Stringer from Bryan County Zoning, and Brad Anderson from the Bryan County Board of Education.

We were encouraged to hear of the Bryan County Board of Education's commitment to building a trail, and we hope that can be accomplished through the Safe Routes to School Program, and in conjunction with architects preparing the new traffic plan for the schools.

Just as a reminder, Safe Routes to School workshops are being held this week, Thursday June 28 7-8:30pm and June 29 9am-12:30pm in the Bryan Room of the Savannah Civic Center. [Click this link](#) for the registration page if you have not already registered.

We will continue to build our list of contacts, and hope to make specific contact with Joe Pecenka, Dick Kent and Al Dixon in the coming weeks as Gene suggested. We will be manning an informational booth at the Seafood Festival in JF Gregory Park this fall, and I hope that we can report some good news regarding upcoming projects at that time.

Preliminary date for our fall meeting is Oct 11 at 1pm.
